

Shower
with
heat
recovery.

joulia[®]
S W I T Z E R L A N D

The most refreshing way -
to save energy.

Save up
to
42%

Efficiency

Recovers as much energy
as 8 square metre of
solar cells produce in a year.

Simplicity

Quick installation
and thorough
cleaning.

Design

Sleek design, integrated
invisibly into the
shower drainage channel.

Trap

Integrated directly
into the heat
recovery module.

Potable water-compliant

Construction is compliant with
stringent regulations imposed
by KIWA, SVGW and WRAS.

Electricity free

Requires no electricity
or complex controls.
