

ENERGY Startup Day

innovative Startups | meet Industry

29. November 2018

11 a.m. - 6 p.m.

Kraftwerk

Selnaustrasse 25, 8001 Zurich

What is Energy Startup Day?

The Energy and Cleantech Startup day is a yearly event connecting *ground-breaking Swiss startups to incumbent companies, public institutions and new actors* to foster relationships and collaboration.

The event draws together

Startups & pre-startups in the areas of energy and cleantech that are looking for strategic partnerships.

30-40 startups

Incumbents & public institutions (tech companies, utilities, municipalities) who seek innovative solutions.

>100 incumbents

New actors (energy cooperatives, non-energy industries) who aim to thrive in the transition of the energy industry.

Participate to find:

- Innovative customer solutions
- New distribution & sales channels
- Financial investments & market opportunities

The Energy Startup Day is a unique chance to meet **promising energy** and **cleantech startups** in one place and launch promising **collaborations**.
