

ESG Reporting is time-consuming. We make it easy.

Novalytica AG

Marina Schürmann

ENERGY STARTUP DAY 14.12.2023

Energy data: Often only available in invoices

Few direct interfaces to source systems

Often only PDF files or PDF scans of invoices

Many manual steps

Using AI ...

Noalytica Algorithm

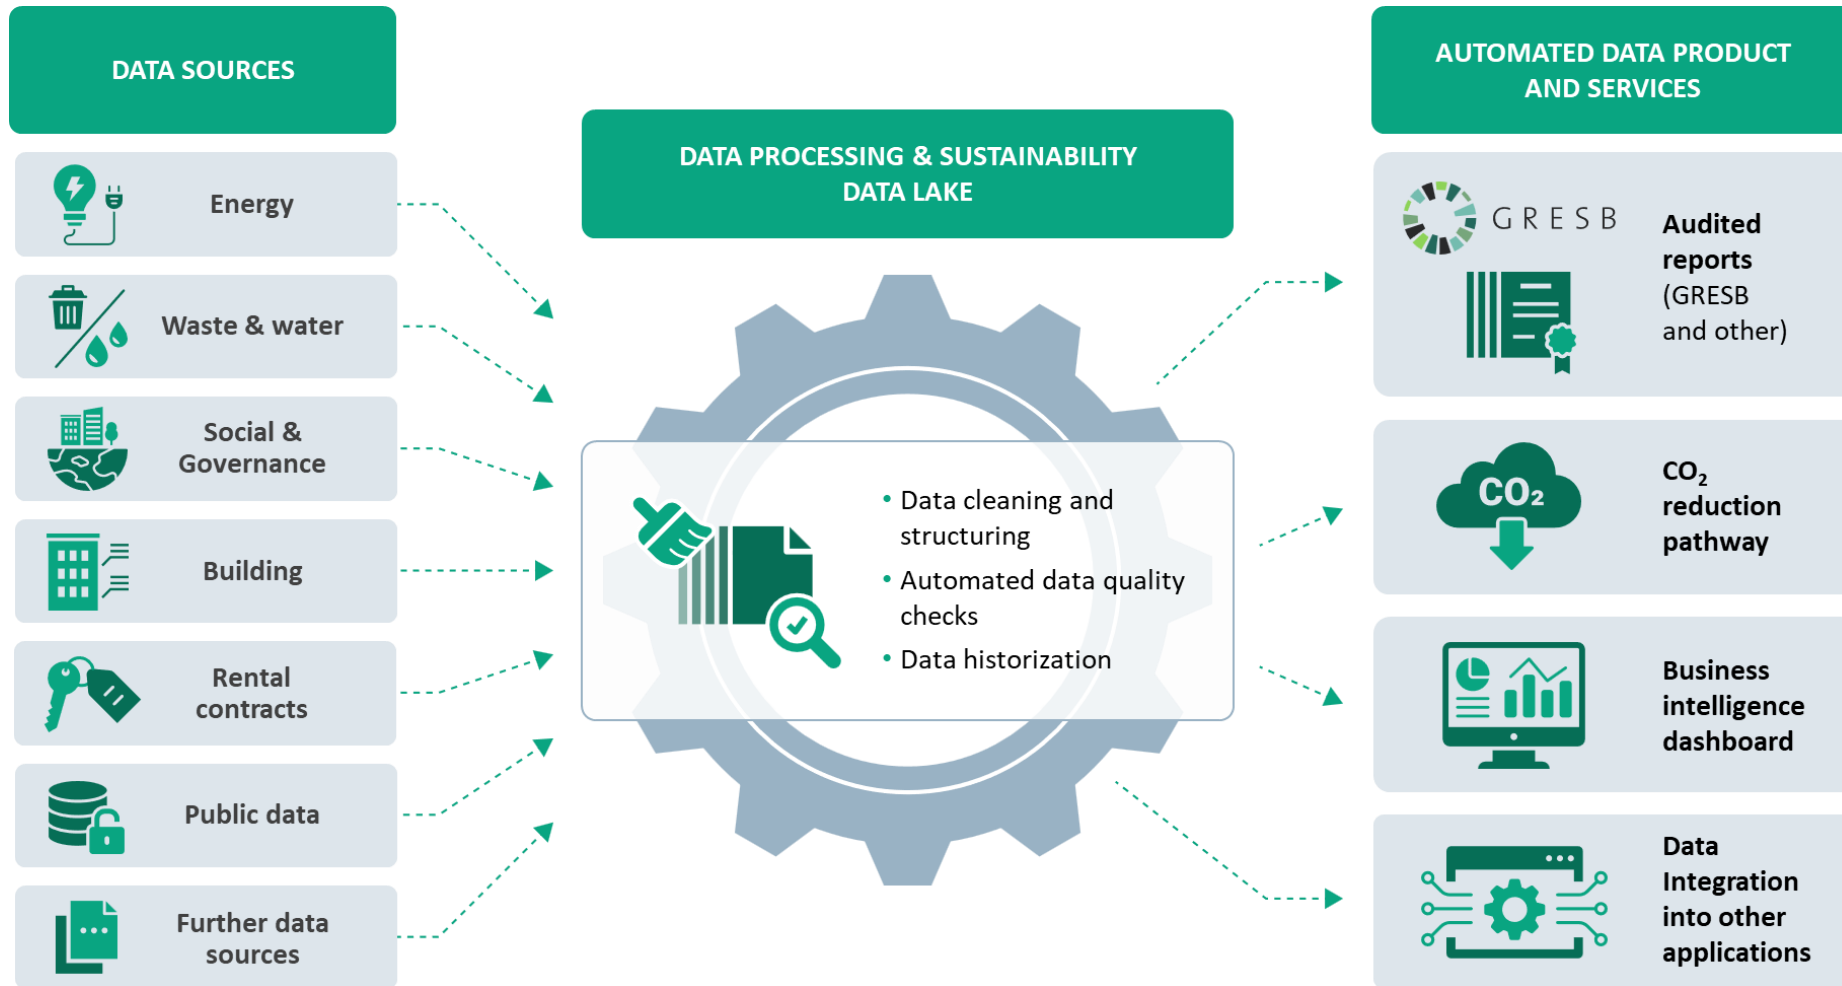

... relevant information is extracted from the invoice and structured

Completely automated process

Polaris

Building a data infrastructure for sustainability data

Partner

Awards

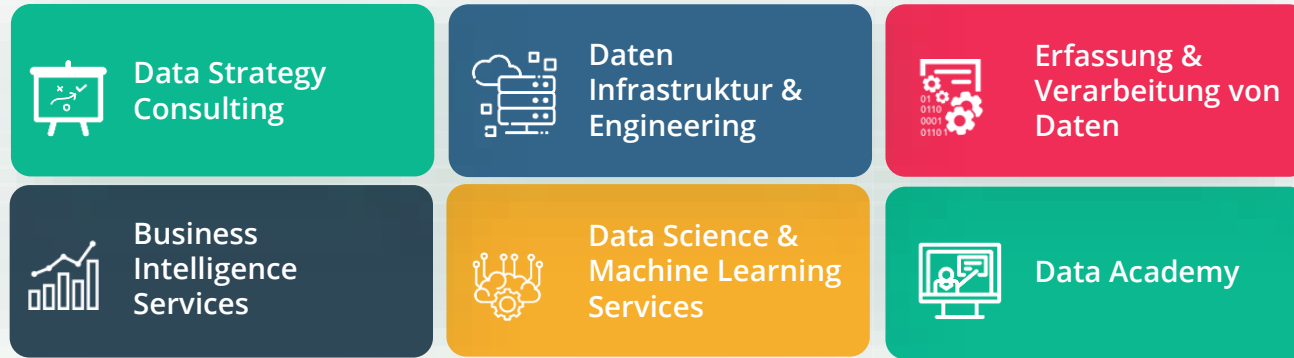

Media
